SIMPLE, PRACTICAL AND CONVENIENT!

The GPE Athena is a perfect weighing solution for shops and street markets with its long battery life. This scale is made of ABS with a stainless steel loading plate. The lithium-ion battery-powered version offers even longer durability and full functionality even at low energy levels. The two white, backlit, alphanumeric LCD displays provide clear visibility in all lighting conditions. A high-performance waterproof membrane on the operating keyboard makes cleaning quick and easy.

FEATURES

- Double LCD display (operator and customer side) with white backlit, alphanumeric
